

# RAISEonline 2013 Summary Report Ernesettle Community School

Unique Reference Number (URN) 134802
DfE Number 8793767
Local Authority Plymouth

Based on the following datasets for 2013:-Key Stage 1: unvalidated data Key Stage 2: validated data

Production date: 27 February 2014

#### **IMPORTANT**

The aim of the summary report is to help you see how effectively a school is performing in terms of the achievement of its pupils. The report is made available to schools to help with their self-evaluation and planning to raise standards, and is used by inspectors to generate questions and hypotheses to explore during an inspection.

The RAISEonline library contains further information and guidance. To view all available documents, we recommend that you log into the system prior to accessing the library: https://www.raiseonline.org/documentlibrary/ViewDocumentLibrary.aspx

- \* Acting on user feedback, we have introduced a new scatterplot displaying the Value Added scores for all pupils grouped by gender. This chart can be found in the Closing the Gaps section of the summary report.
- \* Users are now able to drill down from the interactive Expected Progress Pupil List report to the individual pupil's record. This improved functionality will allow users to better understand and interrogate their data.
- \* Details of developments and changes to data that were introduced with the 2013 unvalidated data release can be found in the '2013 RAISEonline newsletter, July 2013' pdf document in the Newsletters section of the RAISEonline library.
- \* The categorisation of pupils eligible for free school meals (FSM) changed in 2012. Pupils are classed as FSM if they have been eligible for and claiming FSM at any time in the last 6 years.
- \* The methodology used to calculate measures can be found in the 'How Ofsted and DfE analyse your data' folder.
- \* National progression tables may be found in the 'Transition matrices Target setting' section of the library.

The FAQ section of the library covers a wide range of common questions. Further information is also available within each interactive report at the 'Help?' button near the top right of the screen.

We also recommend that you regularly read RAISEonline Latest news to keep up to date.

RAISEonline will not be updated with final 2013 Key Stage 1 and phonics data. We have assessed the scale of change between the unvalidated and final versions and, nationally, we found that there were only a small number of amendments that were required. More information can be found in the latest news section of RAISEonline.

The Key Stage 2 validated data reflect the outcome of requested changes to the data that schools may have submitted during the September 2013 Schools Performance Tables checking period. These changes must have been received within the deadline, met Tables' criteria, and be as a result of marking reviews. The validated data may not reflect the outcome of any late or on-going appeals, or of late-resolved maladministration cases.

We are not able to make ad hoc changes to published data in RAISEonline. The website provides interactive reports, accessed via 'Tree view' tab, which allow access to pupil level data that underlie the measures contained in the summary report and a range of other analyses. If you think your measures are wrong please first check these underlying pupil list reports. After this step, if you think there is an error in the measures due to a miscalculation rather than incorrect data, please use the 'Contact us' facility on RAISEonline https://www.raiseonline.org or email enquiries@ofsted.gov.uk.

The 'School's own data' section of RAISEonline contains a copy of the underlying data that a school's RAISEonline administrator may amend. You will be able to see if analyses for your school would change and use these in discussions with school improvement partners and inspectors. Note that the changes will apply to the school's own copy of the data only; the published data in RAISEonline will remain unaffected.

Green and blue highlights are used to demonstrate a statistically significant difference between the school data for a particular group and national data for the same group. This does not necessarily correlate with being educationally significant. The performance of specific groups should always be compared with the performance of all pupils nationally as well as the particular group nationally.

The summary report is divided into the following sections:

- 1. Context
- 2. Absence and Exclusions
- 3. Prior Attainment\*\*
- 4. Attainment Measures
- 5. Progress Measures\*\*

Value Added

**Expected Progress** 

- 6. Closing the Gap
- \*\* Provided for schools with Key stage 2

#### Important Information for Governors

Her Majesty's Chief Inspector has made it clear that effective governance is an intrinsic part of good leadership. An increasingly autonomous school system needs informed governors who know their schools well and hold leaders to account for the achievement of all pupils in their school, including the most able and those who are disadvantaged.

Inspectors will meet with as many governors during an inspection as is possible. They will want to know how well governing bodies use a range of information and evaluate the performance of the school, particularly in terms of pupils' progress, the leadership of teaching and the management of staff. In February 2013 Ofsted launched the data dashboard to help governors understand essential headline school performance data. Inspectors will want to know how governors are using this, and other information such as RAISEonline, to ask challenging questions which help the school to sustain high performance or to improve. The School Inspection Handbook and the subsidiary guidance contain further information about how inspectors evaluate the effectiveness of governance.

To support governors further, RAISEonline has been changed. Tables that governors might find particularly useful to look at, in addition to the data dashboard, are highlighted by the letter G in the top right corner of select reports and tables in the summary report.

The reports below have been selected as key starting points for governors but the full suite of reports within RAISEonline should be used when analysing a school's data.

#### Background Information

- \* Basic characteristics of your school displays information on the context of the school, giving governors information about the pupils within the school, and their characteristics, compared with other schools nationally.
- \* Prior attainment of pupils at Key Stage 2 allows governors to compare the average prior attainment of pupils within the school to the national average. It shows the Key Stage 1 results of pupils currently studying in Key Stage 2 alongside the national average for each year group. Prior attainment is the best indicator of future performance.

#### Absence and Exclusions

\* School Level Absence and Exclusions - this table allows the analysis of figures over time and comparison against national averages. This will allow governors to examine absence levels and question what action has been taken by the school to improve attendance. Governors can also consider whether levels of exclusion seem appropriate. The next table allows further examination of figures for different pupil groups. This data is usually updated at the end of the autumn term or early in the spring term.

#### Performance Indicators

There are four different indicators within RAISEonline, relating to attainment and progress, each of which can be used by governors when exploring the school's performance.

#### **Attainment Measures**

#### Threshold data

Threshold data answers the question 'What proportion of pupils have reached a particular standard?'

The following reports display threshold data for pupil groups within the school against national data for these groups. They also highlight where the school's data is statistically significantly different from the national average. This enables governors to ask questions about differences in the performance of pupil groups both within the school and compared with national levels of performance.

#### Phonics Screening Check

- \* Year 1 phonics screening check by pupil characteristics
- \* Year 2 phonics screening check by pupil characteristics

#### Key Stage 1

Percentage of pupils attaining or surpassing each level at KS1 by subject, 2013

#### Key Stage 2

- \* Percentage of pupils attaining or surpassing each level at Key Stage 2 by subject, 2013
- Key Stage 2 proportion achieving or surpassing level 4 in tests

It is important to note that, at Key Stage 2, level 4+ in reading, writing and mathematics is an indicator used in floor standards.

#### Average Point Score (APS)

This is most useful when asking the question 'What is the overall attainment of all pupils?'

The following reports enable governors to ask questions about differences in the performance of pupil groups both within the school and against national data. Governors can also explore performance over time to highlight any persistent trends of over/under performance overall and by subject. These reports also highlight where the school's data is statistically significantly different from the national average.

#### Key Stage 1

- \* Attainment, average point score at Key Stage 1
- \* Attainment, average point score at Key Stage 1: overall and by subject and by pupil groups, 2013

#### Key Stage 2

\* Attainment, average point score at Key Stage 2 overall and by subjects

#### **Progress Indicators**

#### Expected/more than expected progress

Expected/more than expected progress data helps to answer questions such as, 'What proportion of pupils have made two whole levels (or more) of progress from Key Stage 1 to Key Stage 2 in reading, writing and mathematics?'

These reports allow governors to explore progress data for the school by pupil group and to see if there is any difference in the amount of progress made by various ability groups within the school. The expected progress summary report highlights where the school's data is statistically significantly different from the national average.

Expected progress data in reading, writing and mathematics is an indicator used in the Key Stage 2 floor standard.

#### Key Stage 2

- \* Key Stage 1 to Key Stage 2 performance percentage making expected progress, school and national
- \* Expected Progress in reading Key Stage 1 to Key Stage 2, sublevel variation
- \* Expected Progress in writing Key Stage 1 to Key Stage 2, sublevel variation
- \* Expected Progress in mathematics Key Stage 1 to Key Stage 2, sublevel variation

The reports below are similar to those above, but show the performance of pupils who are eligible for Free School Meals (FSM), and Children Looked After (CLA) alongside that of non-FSM/CLA pupils both within the school and nationally.

- \* Expected Progress in reading Key Stage 1 to Key Stage 2 for FSM/CLA pupils, sublevel variation
- \* Expected Progress in writing Key Stage 1 to Key Stage 2 for FSM/CLA pupils, sublevel variation
- \* Expected Progress in mathematics Key Stage 1 to Key Stage 2 for FSM/CLA pupils, sublevel variation

#### Value Added (VA)

VA is most useful when asking the question 'How does the overall progress of pupils compare with progress for pupils with similar prior attainment nationally?'

Key Stage 1–2 VA is a relative measure of progress between Key Stage 1 and Key Stage 2. It measures the amount of progress each pupil has made from their Key Stage 1 starting point. It then compares their progress with all other pupils nationally of similar prior attainment to produce a 'score'. Pupil scores are aggregated to school level, where they are centred around 100.

(For more information on how VA is calculated please see the RAISEonline library)

The following reports allow governors to explore VA progress by subject and pupil group alongside national data. Governors are also able to explore progress by individuals when viewing the VA scatter-plot.

#### Key Stage 2

- \* Key Stage 1 to Key Stage 2 value added summary report
- \* Key Stage 1 to Key Stage 2 fine grades value added analysis by subject and by pupil (All pupils by gender)
- \* Key Stage 1 to Key Stage 2 fine grades value added analysis by subject and by pupil (FSM/CLA pupils by gender)

#### Closing the Gaps

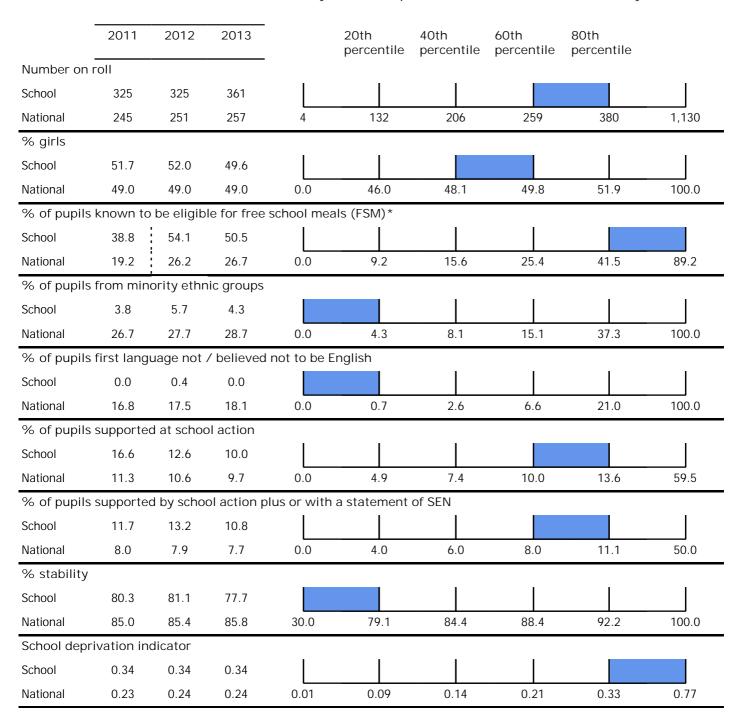

The following reports enable governors to compare the level of their FSM and CLA performance to the national level of non-FSM/CLA performance for all indicators.

- \* Closing the Gaps for free school meals and children looked after pupil groups
- \* Closing the Gaps trend free school meals and children looked after

Table 1.1.1: Basic Characteristics of your school (PriSec2.1)

This shows some key indicators for your school, together with national averages for maintained mainstream Primary schools. The information is based on the January School Census return. The Quintile graphs display the indicators for the current year only. These figures are divided into five intervals, each containing approximately 20% of schools. The interval boundaries are shown below the line, and your school's position in the distribution is indicated by a shaded box.

The categorisation of pupils eligible for FSM changed in 2012, see important page for details.

Table 1.1.2: Basic Characteristics by National Curriculum year group (BasicNCYearGroup)

This table includes all pupils listed in the School Census, and therefore values presented below may differ from other figures.

NC Year Group	Number on Roll	% Boy/Girl	% Free School Meals*	% Minority Ethnic Group	% 1st language not English	% Special Education Needs	Children Looked After
Pre-Compulsory	105	53.3 / 46.7	-	-	-	15.2	0
1	45	46.7 / 53.3	51.1	6.7	0.0	24.4	0
2	44	45.5 / 54.5	63.6	4.5	0.0	20.5	1
3	38	39.5 / 60.5	50.0	7.9	0.0	21.1	0
4	44	59.1 / 40.9	61.4	2.3	0.0	15.9	0
5	43	51.2 / 48.8	51.2	0.0	0.0	25.6	0
6	42	52.4 / 47.6	57.1	4.8	0.0	31.0	0

Table 1.1.3: Ethnic Groups and English as a first language (PriSec2.2)

These data are derived from the categories recorded for your pupils at your school from the School Census. Figures are provided for children of statutory school age or older, since it is not compulsory to record characteristics for pre-school children, figures may not add up to 100% due to rounding.

	School %			National %
Ethnic group	2011	2012	2013	2013
White				_
British	96.2	94.3	95.7	72.7

Percentage of school roll	10.8	12.3	10.0	0.9	0.9	0.8

#### Absence and exclusions

School Level Absence and Exclusions - 3 Year Trend (Trend\_1)

#### Table 2.1.1

Absence indicators are based on 2 terms of data (autumn and spring) for mainstream schools and 2.5 terms of data (autumn, spring and summer first half-term) in special schools. Exclusions indicators are based on 3 terms of data. From 2012, only persistent absentee data - absent for 15% or more sessions is published.

		2011			2012			2013	
	School	National average for primary schools	Median trendline for school's FSM level	School	National average for primary schools	Median trendline for school's FSM* level	School	National average for primary schools	Median trendline for school's FSM* level
Absence									
% Persistent absentees- absent for 15% or more sessions	7.8	5.2	7.3	4.5	3.4	4.6	6.0	3.6	5.1
% Persistent absentees- absent for 20% or more sessions	2.5	1.9	2.6	-	-	-	-	-	-
% of sessions missed due to Overall Absence	5.45	5.14	6.00	5.4	4.4	5.1	5.3	4.8	5.6
Exclusions									
Permanent exclusions as a percentage of the pupil group	0.00	0.01	-	0.00	0.02	-	-	-	-
% enrolments with 1 or more fixed term exclusions	0.00	0.48	-	0.00	0.46	-	-	-	-
Fixed term exclusions as a percentage of the pupil group	0.00	0.91	-	0.00	0.89	-	=	-	-

From 2012, '% of sessions missed due to overall absence' is displayed to one decimal place, to align the presentation of absence measures.

#### Absence and exclusions

Table 2.1.2: School Level Absence by pupil groups (Abs\_2)

These data relate to the 2013 academic year. This is the most recent year for which we have a full data set, since the School Census collects data in arrears.

Absence indicators are based on 2 terms data (autumn and spring) for mainstream schools and 2.5 terms of data (autumn, spring and summer first half-term) for special schools. Exclusions indicators are based on 3 terms of data. For consistency, the national comparator for primary schools is also presented.

		ons missed due rall Absence	absent for	ent absentees - 15% or more essions

### **Prior Attainment**

### Table 3.1.1: The Prior attainment of pupils at Key Stage 2 (PriorKS2)

The tables below show the prior attainment in terms of Key Stage 1 average points score, of pupils studying in your school in 2012/2013. The national indicators are for maintained mainstream schools (based on matched pupil records from the 2013 National Pupil Database, which is not the same as the average score of all the pupils who took the tests). When interpreting the tables the level of coverage should be taken into account.

#### Average points score at KS1

NC Year starting Sept 2012	School	National	Difference	Sig	% Coverage
Year 6	13.1	15.3	-2.2	Sig-	97.6
Year 5	14.0	15.3	-1.3	Sig-	97.7
Year 4	13.2	15.4	-2.2	Sig-	100.0
Year 3	16.6	15.6	1.0		100.0

#### % by Prior Attainment Band

		School		National					
	Low	Middle	High	Low	Middle	High			
Year 6	34.1	63.4	2.4	17.3	57.7	25.0			
Year 5	28.6	50.0	21.4	17.2	58.1	24.7

# Chart 4.2.1 and Table 4.2.2: Percentage of pupils attaining or surpassing each level at Key Stage 1 by Subject - 2013 (KS1.3)

The charts below show the cumulative distribution of the levels achieved by the school for Key Stage 1. The bars on the graph show the percentage of pupils in the school and nationally who attain the required standard for each level. Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group, sig+ or sig- is shown.

## Percentage of pupils attaining each level in reading, writing and mathematics, cumulative distribution

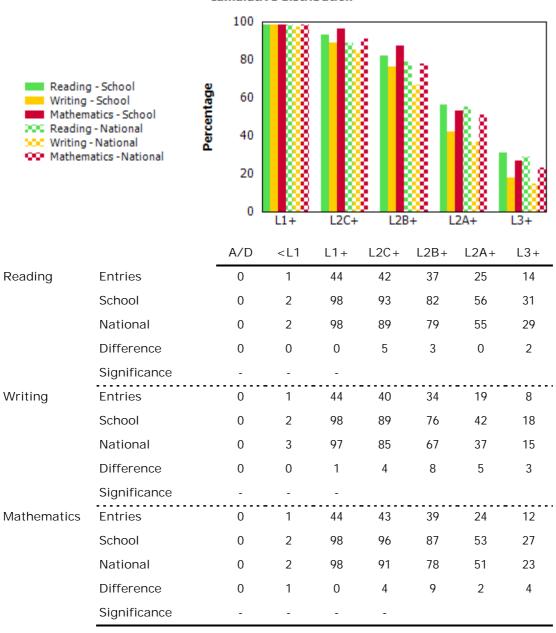

Table 4.2.3: Key Stage 1 Threshold Report: Teacher assessments for pupils below Level 1 (KS1.BTL)

This report displays the number and percentage of pupils working at each Pscale level in 2013.

#### **Notes**

Reading table includes all pupils awarded 'W' in their teacher assessment for Reading with a valid Pscale grade Writing table includes all pupils awarded 'W' in their teacher assessment for Writing with a valid Pscale grade Mathematics table includes all pupils awarded 'W' in their teacher assessment for Mathematics with a valid Pscale grade The total numbers of pupils on Pscales is shown for P4 - P8 and P1i - P3ii. Pupils who have a Pscale in both P4-P8 and P1i - P3ii in a subject will be displayed in P1i - P3ii.

### Attainment, Average Points Score at Key Stage 1: Overall and by Subject (KS1.1Trend)

The following pages provide analysis of pupils' average points scores over the last five years in reading, writing and mathematics.

Table 4.2.4

Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group sig+ or sig- is shown below. Where the school value differs significantly from the previous year's,  $\uparrow$  or  $\downarrow$  is shown to indicate the direction of this change.

Teacher assessments for pupils operating below the level of the tests (B) or

Table 4.3.4: Key Stage 2 Below the Level of the Test Report: Teacher Assessments (KS2.BTL)

reported at level 2 and below in writing (TA). Number of pupils Р7 P3i/P3 P2i/P2 P1i/P1 Level 2\* Р8 Р6 Р5 Level 1 reported as "B" ii ii ii 1 n 0 0 0 0 0 Reading Writing 0 0 0 0 0 0 0 0 0 Speaking 0 0 0 0 0 Listening English 0 0 0 Mathematics 0 0 0 0 0 0 0 0 Using and applying Number 0 0 0 0 0 0 0 Shape, space & 0 0 0 measures Key The subject assessment is not available

This report displays additional information about the teacher assessments of those pupils who were identified as operating below the level of the test in reading and mathematics and coded B. The known teacher assessments are displayed as level 2, level 1 and P scales.

Pupils who have a Pscale in both P4-P8 and P1i - P3ii in a subject will be displayed in P1i - P3ii.

P scale assessments for p4 to p8 are not made for English and mathematics

<sup>\*</sup> teacher assessments higher than level 2 for pupils with a test result of B are capped at level 2 in reading and mathematics.

# G

### Attainment at Key Stage 2

# Attainment, Average Points Score at Key Stage 2 : Overall and by Subjects (KS2.1Trend)

The following pages provide analysis of pupils' average points scores over the last five years in the National Curriculum core subjects.

Table 4.3.5

Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national value for this group sig+ or sig- is shown below. Where the school value differs significantly from the previous year's,  $\uparrow$  or  $\downarrow$  is shown to indicate the direction of this change.

A dash means that no significance test has been carried out. A blank space means that a significance test has been carried out and the result for school or ethnic group is not significantly different from the national average. Full details of the methodology used for the Value Added measure can be found in the Library.

Table 5.1.3: Key Stage 1 to Key Stage 2 fine grades value added: performance of groups within school - pupil characteristics (KS12.VAGrp)

This report indicates significance relative to both the national mean of 100 and the national mean for each group. Statistical significance tests have been performed on the data using a 95% confidence interval, and where the school value differs significantly from the corresponding national values for this group, sig+ or sig- is shown.

Significance from overall national average	Sig+	Sig+	Sig+	Sig+	Sig+	-	Sig+	Sig+	Sig+	Sig+	Sig+		Sig+	Sig+	-	-	Sig+	Sig+	Sig+		

The definitions of low, middle, high are based on the Key Stage 1 results attained by pupils on completion of the key stage. Low attaining are those below Level 2 at Key Stage 1 (APS<12). Middle attaining are those at Level 2 at Key Stage 1 (APS≥18). High attaining are those above Level 2 at Key Stage 1 (APS≥18).

A dash means that no significance test has been carried out. A blank space means that a significance test has been carried out and the result for school or ethnic group is not significantly different from the national average. Full details of the methodology used for the Value Added measure can be found in the Library.

Table 5.1.4: Key Stage 1 to Key Stage 2 value added Summary Report (KS12.VAExp)

Statistical significance tests have been performed on the data using a 95% confidence interval and, where the school value differs significantly from the corresponding national values for this group, it is highlighted in green (sig+) or blue (sig-).

Key

School performance is significantly higher than the national VA figure for this group

School performance is significantly below the national VA figure for this group

From 2012, the methodology for calculating the pupil group confidence interval changed to take into account the range of scores for all pupils nationally rather than the range of scores in your school. Full details of the methodology used for the Value Added measure can be found in the Library.

## **Expected Progress - reading**

#### Table 5.2.1: Expected Progress in Reading Key Stage 1 to Key Stage 2 - sublevel variation (KS2.EPR)

This table shows the number of pupils attaining each Reading Key Stage 2 attainment level and their corresponding Reading Key Stage 1 prior attainment, including sub-levels. These figures should be compared with the national figures provided in the Transition Matrices held in the library on the RAISEonline website.

## Expected Progress reading, writing, mathematics

Table 5.4.1: Key Stage 1 to Key Stage 2 performance - percentage making expected progress, School and National (KS2.EPRS)

Expected Progress is defined as making 2 levels of progress from Key Stage 1 to Key Stage 2. Statistical significance tests have been performed on the data.

The definitions of low, middle, high are based on the Key Stage 1 results attained by pupils on completion of the key stage. Low attaining are those below Level 2 at Key Stage 1 (APS<12). Middle attaining are those at Level 2 at Key Stage 1 (12 $\le$ APS<18). High attaining are those above Level 2 at Key Stage 1 (APS $\ge$ 18).

A dash means that no significance test has been carried out. A blank space means that a significance test has been carried out and the result for school or group is not significantly different from the national average.

# G

## Closing the Gaps at Key Stage 2

#### Table 6.1.1: Closing the Gaps - Free School Meals and Children Looked After (KS2.CTG)

This report aims to provide schools with an overview of the attainment and progress of pupils in either group of Children Looked After or Free School Meals in the last 6 years.

#### School Context

	Pre Comp	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Number on roll	105	45	44	38	44	43	42
%FSM*	-	51.1	63.6	50.0	61.4	51.2	57.1
Children Looked After	0	0	1	0	0	0	0

Please note that the above data was sourced from the schools January 2013 census therefore the year groups displayed above refer to the academic year 2012/13.

School cohort figures are compared to the national group figures for non-CLA and non-FSM.

This report enables schools to compare the level of their CLA/FSM pupils' performance to the national level of non-(CLA or FSM) performance with the intention of encouraging schools to set more ambitious achievement goals for their CLA/FSM pupils. However, this report is also intended to encourage schools to further explore the performance of their CLA/FSM pupils by using the full range of data available in RAISEonline.

This report enables schools to compare the level of their CLA/FSM pupils' performance to the national level of non-(CLA or FSM) performance with the intention of encouraging schools to set more ambitious achievement goals for their CLA/FSM pupils.

However, this report is also intended to encourage schools to further explore the performance of their CLA/FSM pupils by using the full range of data available in RAISEonline.

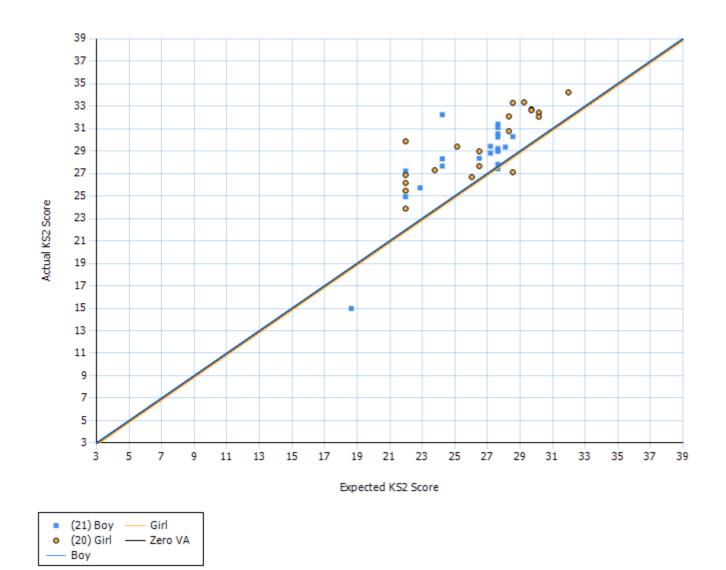

The categorisation of pupils eligible for FSM changed in 2012. Pupils are classed as FSM if they have been eligible for and claiming FSM at any time in the last 6 years. All data in this trend report uses this new FSM categorisation.

# Chart 6.1.3: Key Stage 1 to Key Stage 2 fine grades value added analysis by subject and by pupil (Gender) (KS12.VASct)

#### 2013 All subjects (KS2) value added line, showing spread of pupils by gender

The analysis is based upon comparing the estimated outcome with the actual outcome of each pupil. Also shown are the national mean lines for each characteristic.
